READY FOR #PUBLICSECTOR?

You find authorities are boring, grey, inefficient? Far from any digital innovation?
We couldn't agree more. To change that, we need you!

Intern Back End Development
Munich

We

- revolutionize how authorities procure software
- give innovative software providers access to an attractive market
- just got accepted into the LMU Entrepreneurship Center accelerator
- offer you the opportunity, to shape a young startup
- pay you a fair salary
- want to win you for the long-term and hope to make you a full-time offer

You

- want to turn public procurement upside down and help digitize authorities
- are eager to learn and to familiarize yourself with new environments
- have a solid understanding of object-oriented programming
- are able to write software in a strongly typed language
- have knowledge in C# and ASP.NET Core
- bring some experience with the usage of IDEs, GIT and command line tools

We would like to meet you – apply now: join@govradar.net
